

# Queenstown Harbor

## Cottage Meals

*These are served family style – minimum of 8 ppl*

*The listed price does not include tax and service*

We call these 90/10 meals, we'll do all the prep and precooking, then we'll drop these off in the cottage for you to complete when you're ready to eat. That will consist of warming the vegetables in the oven or heating on the stove top.

We can do the grilling, or you can do it yourself (as each cottage comes with its own propane grill).

We will provide detailed instructions to make it super easy.
